EDUCATION

Neapolis University Pafos   *Oct. 2023 - June 2027*
B.S. IN COMPUTER SCIENCE AND ARTIFICIAL INTELLIGENCE (**JETBRAINS** PROGRAM)

EXPERIENCE AND AWARDS

Competetive programming
- Prize winner of the **ICPC 2023 Online Challenge**.
- Prize winner of the **All-Russian Olympiad** in Computer Science.
- Prize winner of the **IATI**.
- Bronze medal of **IZHO**.
- Prize of the **Botan investments** Foundation.
- Codeforces rating: **2207**.

Teaching
- School of programming **N log N**.
- Preparing schoolchildren for programming competitions.
- Also I have developed a lot of tasks for school Olympiads in Informatics.

PROJECTS

Building GPT course   *Pafos, Cyprus*
DEVELOPER   *Nov. 2023 - Now*
- Together with the team, we are creating a course on creating GPT from scratch. A distinctive feature of the course is the auto-checking tasks.

SAT solvers   *Pafos, Cyprus*
AUTHOR   *Nov. 2023*
- Implemented the solution of several tasks (for example, nonograms) using SAT solvers .
- Github

Disneyfication photos   *Sochi, Russia*
ML DEVELOPER   *Dec. 2021*
- My team and I made a telegram bot, which as a result could make photos more cartoon-like.
- Github

SKILLS

Program Language	C/C++, **Python**
Machine learning	**Pytorch**, **NLP**, Numpy, Pandas
Algorithms and DS	FFT, **HLD**, **Aho–Corasick algorithm**, and so on…
Other	**Docker**, **Git**, Linux, Terminal
